Company Profile

- Amazon Last Mile Delivery Company
- Grew routes 14, 23, to 31 in 6 months
- Operates 3 Fleets including autonomous delivery vans

Current Maintenance Challenges:

- Increasing overhead, ongoing issues and waste
- Reporting is manual and difficult to maintain
- No ability to enforce inspection compliance
- Inspection software was hard to use

THE SITUATION:

The Delivery Guys were expanding operations to a new Delivery Company, adding 30 more vans and their current maintenance process will not scale

THE SOLUTION:

Implement Driveroo Fleet!

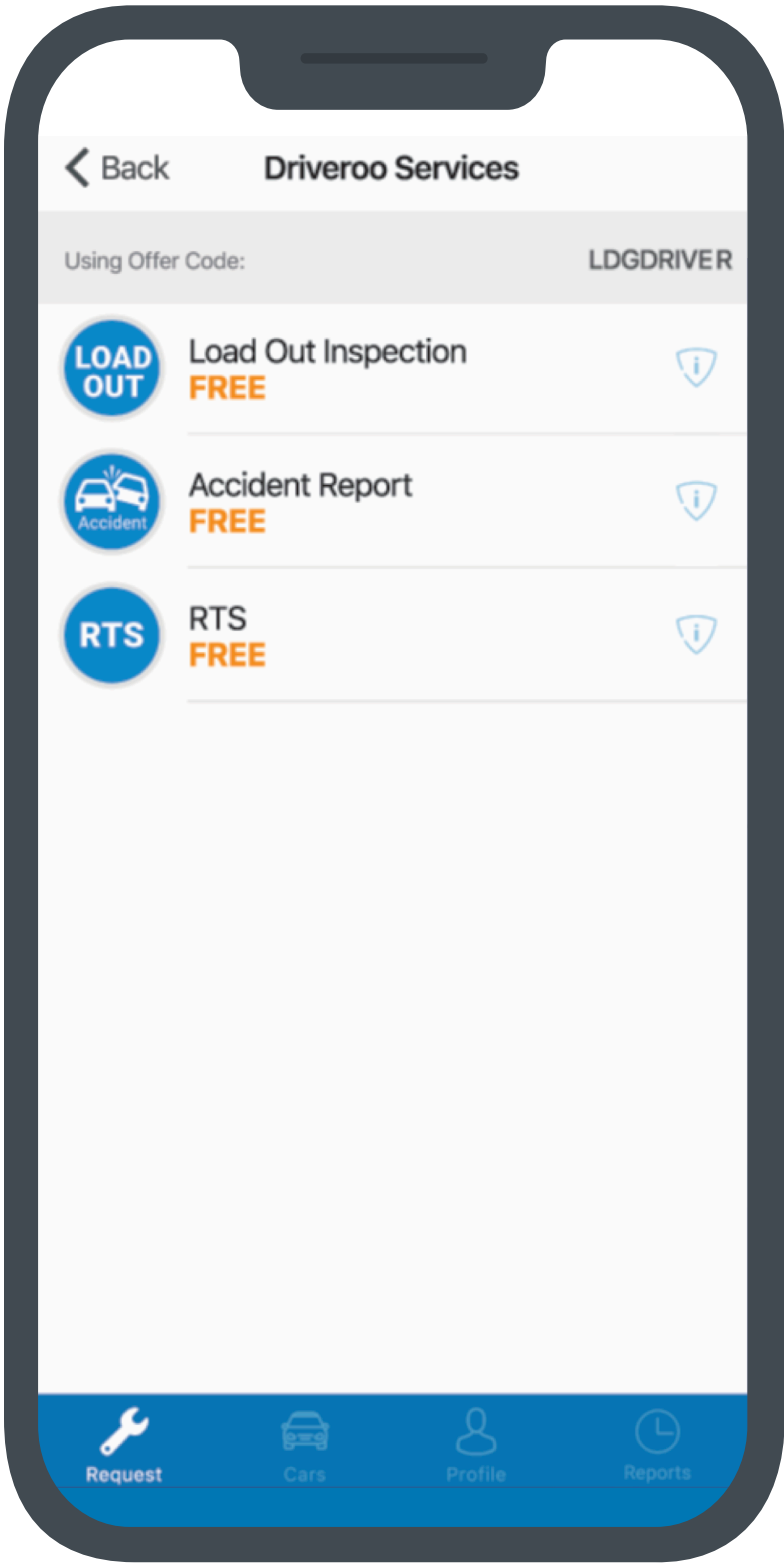

THE RESULTS:

- 5% increase in van availability
- 15 mins per day additional delivery time per driver
- 30 hours of monthly management overhead saved

	BEFORE	AFTER
Driver Inspection Time / Compliance	5 mins / < 20%	1 min / < 99%
